

A Call To Pray - Lyrics

They've Got A Trumpet

They've got a trumpet in their hand
And they're about to blow the trumpet
It's a signal ... It's a call to pray ...
It's an attractive sound
Many people will respond to it
I hear the people of the Lord
Awakening this day

I can hear them pray now
I can hear them pray now
I can hear them pray now
God's Kingdom come on earth

They've got the strings in their hands
And they are about to strike a rhythm
It's a flow ... with the bold new wave
It's a persistent sound
Many will respond to it
I hear the people of the Lord
Awakening this day

They've got a drum in their hand
And they're about to start the drumming
It's a new beat of the ancient way
It's a call-up sound
Many will respond to it
I hear the people of the Lord
Awakening this day

This is a good day

This is a good day
This is a good day to pray
This is a good day
The day the Lord has made -
And I'm so happy
That I could dance in the rain
This is a good day
To live for Jesus my King
(repeat)

And I say,
Jesus is the Lord!
Jesus is the Lord of all!
Yes, Jesus is the Lord of all the earth!
(repeat)

Bless The Lord

Bless the Lord ... O my soul
And all ... that is within me
(repeat)

Bless His holy name
Bless His holy name
He is good ... good to us
And His love ... endures forever
(repeat)

Bless His holy name
Bless His holy name
Open wide ... heavens gates
Let the King of Glory in
(repeat)

The note of Jesus

If I could sing - the note of Jesus
If I could flow - with the Spirit and Word
If I could dance - to this revival rhythm
That's attracting heaven to the earth.

Let the church sing a new song
We have entered a new day;
There is no time for fighting each other
While thousands are lost to the grave;
Let dividing walls crumble;
May Gods people be humbled;
When we're working together as one
He will come in power again!

If we could sing - the note of Jesus
If we could flow - with the Spirit and Word
If we could dance - to this revival rhythm
That's attracting heaven to the earth.

((There's a sound that's attracting heaven)))

I have come to these islands

I have come to these islands
To undo heavy burdens
Set the oppressed free.
Give bread to the hungry;
I have come to these islands
To loose chains of injustice,
Reach the rejected.
Cover the naked.
Yes the light will break forth like the morning
And your healing will spring everywhere;
Then your righteousness will go before you
And when you cry - I shall here.

I have come to these islands
With no pointing finger,
But the hands of a builder,
A homelife restorer;
I have come to these islands
To rebuild ancient ruins,
Raise up the foundations,
For this generation.
Yes your light will shine out in the darkness
And the darkness become bright as day;
You will ride this earth's highest mountains
And all your work will be to my praise.

Looking

Looking for Your presence
It's time to seek Your face
May the windows of heaven
Open up today

Let us flow with Your rhythm
The Spirit and the Word
And pick up Your burdens
Walk the land and pray

Carrying You ... Carrying You
Into the city streets and homes
Carrying You ... Carrying You
We hear the footsteps of the Lord

Can Your heavy glory
Can Your heavy glory
Can Your heavy glory
Can Your heavy glory rest on me?

Come Away With Me

Come away with me...
To the secret place...
Where you can hear me speak...
Where you can know my presence
Come away with me...
Into my embrace...
Let me take you deep...
O come taste and see

A future hope ... A plan for good ...
A life of love ... A love of life ...
A reachable dream ... a touchable vision ...
A faith revived ... A faith to fly ...

Come away with me
To the sheltered place
Where there's no winter freeze
And the storm is over...
Come away with me
Let me see your face
Let me hear you speak...
O your voice ... is sweet ...

The flowers appear ... around the earth
The sound of doves ... throughout land ...
Awakening songs ... it's the season of singing
It's a fruitful vine ... and a fresh new wine

Breakout!

I've been washing my nets for too long
On the shores of unbelief
Listening through hours of meetings
Now it's time to do what I see
To put out into deeper water
Sail away on the winds of faith
I see there's a massive harvest
The nets will almost break...

(Chorus)

BREAKOUT! - This is the time
BREAKOUT! - This is the call
BREAKOUT! - This is the year of the Breakout!

Keep pressing in and forget the old thing
See the new thing springing up
New wine for a brand new wine skin
Fresh oil with an ancient touch
Make room for the great awakening
It's here and it's on its way
We'll see God's kingdom break out
To the right and the left today...

(Mid 8)

It's time to call to the shore
We'll need some partners
It's time to ask the Lord
To send more labourers...

Prayersong

I pray to know ... You ... Lord
And to know ...
What You want me to do...

I pray to hear ... You ... Lord
And to know ...
What You'd have me to choose...

I pray that something of You
Will touch the hunger in me
And cause a holy ignition
Come set me ablaze.

I pray that nothing in me
Would stop the working of You
Causing a real transformation...

Come have Your way.
Come have Your way.

For Of Him

For of Him and
Through Him and
To Him are all things
To Him be he glory forever...
(repeat)

Life was made to revolve
Around Jesus... I will live...
My life... for Him
I was made for this life
Around Jesus
And His Life ... I will ... proclaim!
